Waynesboro, VA | 540-294-1474 | morris.tonimarie@gmail.com | <https://tonim99.github.io/portfolio/>

Software Engineer

I am a Full-Stack Software Engineer who takes a methodical and detail-oriented approach to building clean and functional web applications.

Skills

- HTML5, CSS3, SCSS, Bootstrap, React Native Paper
- JavaScript, Ruby, jQuery, React, React Native
- Node, Express, MongoDB, PostgreSQL, Rails
- Git/GitHub

Relevant Experience

Software Engineering Immersive Program | General Assembly, Remote | August 2020 - November 2020

Full-stack software engineering immersive student in an intensive, twelve-week, 450+ hour program focused on product development fundamentals, object-oriented programming, MVC frameworks, data modeling, and team collaboration strategies. Developed a portfolio of individual and group projects.

Projects:

- Portfolio - A mobile-first, responsive website built using HTML5, CSS3, jQuery and a Google Sheets API
- My Dictionary - A responsive app built using ReactJS, SCSS, and Merriam-Webster's dictionary API
- Impulse - A full-stack e-commerce website built with a team of 3 other developers using React, MongoDB, and Express
- Tunr - A full-stack app that allows the user to create playlists built with Ruby on Rails, PostgreSQL and React
- Lyrics Mobile - A mobile application that allows the user to search for lyrics and create lists built with React Native

Additional Experience

Account Manager | Star Valley Provisions, Roanoke, Va | 2017-2020

- Trained 100+ deli staff on Boar's Head customer service model and product knowledge across 13 chain grocery stores
